

Name: _____ Date: _____

Cyber-Bullying Slideshow in Google Presentations Checklist

Pre Presentation!

1. Open a Google Document and entitle it “*your last name* statistics”
2. You will need to visit 3 websites on Cyber Bullying Statistics. From each website, select 5 statistics and copy and paste them to your document.
3. Under each list of statistics copy and paste the address link. (You will need this later for citations) You will do this for all 3 sites.
4. Next, find a definition of cyber bullying (not the one on the Google page). Copy and paste the definition to your document. Under the definition, paste the address. (You will need this later for citations)
5. Go to the Internet and find 5 pictures and save them to your 7th grade folder. You will then need to visit the website that each came from and copy and paste the link the picture came from to your document. You will type in Pictures and under it put all 5 links to the websites where you got the pictures.
6. When your statistics page is completed, share it with me.

Open a Google Presentation and entitle it “*your last name* cyberbullying slideshow.)I have provided a model by which to refer to.)
